### | ART & SCREENS |

Check out more assets, [here](#).

### | FEATURES |

- **A full RPG In Your Pocket:** Ever wanted to be a devastatingly handsome space-gentleman with an arsenal of ridiculous guns & armor careening through the universe with your foul-mouthed pet shooting bad guys for money? Then this is the RPG for you! (probably)
- **Guilds:** The social aspect highly demanded by the community has arrived. Tap, bust, and chat with fellow guild members with even crazier gear.
- **Boss Fights:** Work together with your Guild to tap away incredibly strong Guild bosses.
- **PvP Arenas:** Blast to the top of the global leaderboards in arenas. Compete against other players for exclusive chests and rewards.
- **Endless Collectables:** Evolve your character for better armor and weapon drops!
- **Idle Profits:** Your loyal minions work hard to earn gold even when you're not playing!
- **Awesome Art:** Stunning and unique visuals illustrated by artist Noper, one of the top 200 illustrators worldwide named by Lurzer Archive magazine.
